### **Puppy Application**

BrynCrest Great Danes want applicants that have given thought to the responsibility that is necessary in owning a well bred Dane.

Placement of our pups in a loving home, is as important to us as the time and energy we devote to each planned breeding and the time we spend raising our puppies. Whether our pups are “pet” or “show” quality, we will only place them in homes that can provide the type of care they deserve. We do this not only for the well being of our dogs, but to help maintain the high standard of this breed we love so much.

BrynCrest Great Danes have a few stipulations that are very important to us for the health and well being of our puppies. We do not sell to any families where both parents work the same shift, which would mean crating the dog/puppy for more than 5 hours a day. It is impossible to raise a happy, healthy dog/puppy when he/she spends too much time being crated. This can lead to growth problems and create anxiety issues.

It is imperative that our gentle giants have a fenced in yard for exercise and going for walks is a necessity, not a luxury.

We also expect any BrynCrest puppy to be enrolled in kindergarten classes so they will grow to be a good family member as an adult.

Please fill out the Puppy Application and send it to us, if you are interested in one of our pups.

Below is our puppy application/questionnaire. This will help us to get to know more about you, a potential home for one of our puppies. We will use your answers to determine your qualifications to provide a home for a BrynCrest Great Dane Puppy.

Completing this application/questionnaire in no way guarantees that you will qualify for a puppy. Our breeding program is very carefully decided and only sell to qualified homes. Our dogs are pets and companions first and show dogs second. We will take into consideration your completed questionnaire to determine who you are and your specific needs and whether we can fill them for you.

Thank you, in advance for completing this application/questionnaire in full and sending it to us. If you have any questions or concerns, please include them in the space at the end of this application/questionnaire.
